Waste Disposal Unit 20 Gallon Black

MODEL WDU-20-BK

Facilities Maintenance / Waste Disposal Units

PRODUCT OVERVIEW

Often times manufacturing and industrial workspaces are cramped and overcrowded. Many trash cans and waste receptacles play a not so small part in that congestion. However, with a uniquely slim design, this waste receptacle can maintain its place while not intruding on the flow of the workplace. Built of plastic, it can be simply transferred between areas. The removable lid also lends itself to simple dumping and changing of any full bags.

KEY FEATURES

- Perimeter ridge helps keep bag in place
- Open lid design
- External handles for simple handling
- 20 gallon capacity
