# Steel Heavy Duty No Bump & Dump Hopper 1 Cubic Yard 6000 Lb. Capacity Blue

**MODEL D-100-HD-NB**

Fork Truck Attachments / D-Style Hoppers, No Bump & Dump

## PRODUCT OVERVIEW

This steel Hopper is the perfect resolution for loading and unloading large amounts of items. With a steel construction, the hopper maintains a structural strength that endures the strain of consistent daily use. The manual release feature gives the forklift driver the ability to never leave the driving position, which allows personnel to stay at a safe distance throughout the dumping process. In addition to the smooth surface, the contoured edges let items flow freely out of the hopper for a complete clearing of loaded goods.

## KEY FEATURES

- Pull chain release for quick dumping
- Powder coated finish for added baked in toughness
- Fork pockets provide a solid lifting foundation
- Safety restraint secures the hopper to the fork truck
