Steel Standard Slope Ladder 58 Degree 2 Perforated 30-1/4 In. Step Width 350 Lb. Capacity Blue

MODEL LAD-PW-32-2-P

Industrial Ladders / Standard Slope Ladders

PRODUCT OVERVIEW

The standard slope ladder is a portable warehouse ladder for every-day use applications. Perforated steps, handrail included and welded square tubular steel construction with powder-coat blue finish. Rubber feet provided for floor protection. Unit has (2) two all directional spring-loaded swivel casters and (2) swivel casters with total locks. Ships fully assembled and ready to use.

KEY FEATURES

- Portable design easily moves through the warehouse
- Top tread design provides a safe non-slip grip
- Bottom step caster lock provides added safety when climbing
- Heavy-duty formed steel construction offers maximum strength
