# Steel Electric Hydraulic Box Dumper 36 In. Dump Height 6,000 Lb. Capacity Blue

**MODEL HBD-6-36**

Ergonomic Solutions / Electric/Hydraulic Box Dumpers

## PRODUCT OVERVIEW

The electric/Hydraulic box dumper is designed for controlled dumping of material from boxes, crates, and other types of containers. It is designed for pallet truck loading and unloading. The retaining bar adjusts to accommodate a wide range of container heights. Each dump height has a hold down range and an internal power unit with a hand held control standard. It has a heavy-duty welded steel construction with protective mesh side screens included.

## KEY FEATURES

- Universal design will dump contents of many types and sizes of containers
- 135 Degrees maximum rotation travel may be stopped at any point during the dump cycle
- Complete electric/hydraulic power unit to rotate chute at the push of a button
- Safety mesh screens included on each side of unit for added safety
