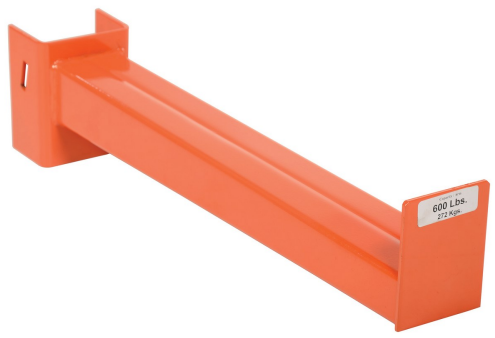
Steel Medium Duty Cantilever Racking Straight Arm 33 In. x 4.75 In. x 6 In. 500 Lb. Capacity Orange

MODEL MSA-C-30

Storage Solutions / Medium-Duty Cantilever Racking



PRODUCT OVERVIEW

The Medium Duty Cantilever rack is ideal for manual loading; open design allows easy forklift accessibility. Store bar stock, pipe, tubing, lumber, and other light hard-to-stock items that must be kept off the floor. These straight arms are adjustable up and down the full length of the upright. To adjust, align arms with pre-drilled slots and secure with key lock (included). All arms feature lips to prevent product from falling off. Uprights and arms are sold each, not in pairs. Custom rack systems can be designed for your special application.

KEY FEATURES

- Medium-duty cantilever rack is for manual loading and open design allows accessibility
- Incline arms adjust up and down the upright to store hard-to-stock items that must be kept off the floor
- Includes key lock to secure arms after being aligned with pre-drilled slots for maximum efficiency
- Feature lips to prevent product from falling off for optimal results
