Low Profile Scale 150 In. x 150 In. x 3-1/2 In. 20,000 Lb. Capacity Red/Yellow

MODEL SCALE-LP-44-20K

Packaging Equipment / Low Profile Scales & Ramps

PRODUCT OVERVIEW

Low Profile air freight (pancake) scales come standard with wrap-around ramps. Units feature 1/2" deck plate, grid core, and a ?" bottom skin with three center supports to prevent sagging. Suspension consists of fully electronic load cells on shock absorbing spherical washers. Ramps are constructed of heavy duty diamond plate with a 10 degrees or 20% slope. Indexing accuracy is +/- 0.1% of applied load or 1 division. The digital display stands 42" high and is powered by 115V AC, cord included.

KEY FEATURES

- Low profile air freight scales with wrap-around ramps for ideal operation
- Bottom skin with three center supports prevent sagging for maximum efficiency
- Fully electronic load cells on shock absorbing spherical washers are ideal for optimal results
- The scale head pedestal is not included with the scale and ramp, however it is available separately
