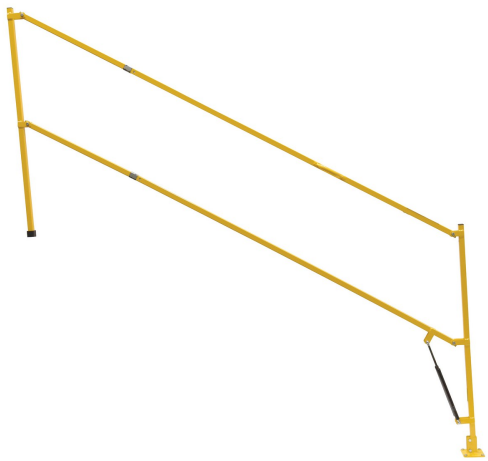
Steel Safety Lift Gate 6 Ft. Lowered Gate Width Yellow

MODEL SLG-6

Loading Dock Equipment / Safety Lift Gates



PRODUCT OVERVIEW

The safety lift gate can be lifted out of the way with a single finger. Simply lift and the self folding action folds the gate in a vertical position. With the gas charged lift assist cylinder the gate can be lifted with the slightest effort. The lift gate is manufactured of steel tubing with a corrosion resistant coating. Ideal on loading dock doors to help reduce the possibility of people falling.

KEY FEATURES

- Unit folds up completely.
- The unique design can be either wall or floor mounted.
- Manufactured of steel tubing with a corrosion resistant coating for durability and long life
- Pre-drilled mounting base holes
