ABS Plastic Sidewinder Protector 40 In. x 9-3/4 In. 260 Lb. Load Capacity Black

MODEL SWCP-3-BK-M

Loading Dock Equipment / Sidewinder Cord Protector

PRODUCT OVERVIEW

The sidewinder cord protector extension is an innovative new solution for protecting cords run across a floor. The new design articulates left and right allowing the system to turn corners and adapt to the layout of the room, while maintaining full protection for the cords and trip protection for pedestrians. The cords can be left in the system and coiled around a three foot diameter for the ultimate in portability, or left in place indefinitely. There is no longer a compromise between safety and flexibility.

KEY FEATURES

- Sidewinder cord protector is ideal for industrial settings for optimal results
- Features a lightweight design for portability and smooth transportation
- Portions of the unit can be adjusted to meet specific lengths
- Flexible construction has the capability of being driven over without damage
