304L Stainless Steel DC Powered Power Stacker 12 Volt 1,300 Lb. Capacity Silver

MODEL ULM-EMS-600

Ergonomic Solutions / Electric Powered Stacker

PRODUCT OVERVIEW

The electric powered stacker is an outstanding advantage in the workplace cleanliness. The design promotes accessibility to all surface area for simple washing and drying after or before transferring hygiene safe products. The upright high handle allows the user to maintain the proper posture throughout the moving the unit, both loaded and unloaded. Front and back caster lets the stacker maneuver throughout the workplace with ease. Once in position the forks are raised and lowered by a 12V DC operation which maximizes productivity by reducing transfer time.

KEY FEATURES

- Protruding handle for simple guiding
- Open sides for loading from 3 sides
- High capacity for moving heavy loads
- Smooth rolling on a variety of surfaces
